THE VINTAGE PINUP PARLOR

By Miss Abby Gloria

Tools:

- Babyliss Pro 3/4 inch
- Babyliss Pro 1 inch
- Kenra Design Spray
- Kenra Finishing Spray
- Lady Luck Pomade
- Hair Combs/Flowers

Amber's hair was prepped with Kenra thermal spray and combed through. Using Babyliss Pro 3/4 inch curling iron, her hair was given a thermal set with curls wrapped down and backwards. Once cooled, the hair was gently brushed into a smooth rounded style with a romantic front swoop. This style is great for side combs or a veil.

Models: 1. Amber 2. Kate 3. Joell

Kate's hair was prepped with Kenra thermal spray and combed through. A heat set was utilized using a Babyliss Pro ½ inch curling iron with curls going down and back. Curls were also rolled downward on both front sections divided by a side parting. Curls were clipped and allowed to cool. Curls were softened emulsified pomade on hands and light teasing with a tail comb. This helped form the curls into a fluffy bottom. To maintain shape, a transparent hairnet was placed around curls and pinned at the sides.

For Joelle's hair , after applying Kenra Therma Spray, a heat set was used with Babyliss Pro ¾ inch curling iron. Hair was curled downward and towards back, clipped and allowed to cool. The style is similar to a half poodle combined with a rounded bottom. The front fringe and hair on top of the head back to the crown, was fluffed with emulsified pomade on hands and teasing comb. The back section of hair was smoothed back and down with a scoop under.
